### Message from Jerry

I can hardly believe that we have already completed the first quarter of the year. With that in mind let me take this opportunity to thank you for a great first quarter and wish us all an even better 2nd quarter.

In this month's update you will find updates on a number of key activities including security, Microsoft and the Prometric logo.

Thanks again for everything you do on a daily basis to ensure the successful testing for our clients candidates. Please keep up the hard work.
