

Module 2: Academic Writing and Communication

Course Outlines:

- Principles of academic writing: structure, flow, and argumentation
- Developing thesis statements and topic sentences
- Writing introductions, body paragraphs, and conclusions
- Avoiding plagiarism and applying citation styles (APA, MLA, etc.)
- Editing and proofreading strategies
- Preparing and delivering academic presentations
- Academic discussion and debate techniques

Course Outcomes:

By completing this module, participants will be able to:

- ✓ Write academic essays and reports with logical structure and argumentation.
- ✓ Use citations correctly to avoid plagiarism.
- ✓ Communicate ideas clearly in written and spoken academic contexts.
- ✓ Edit and refine writing for accuracy and coherence.

✓ Present research findings and arguments effectively.
